Dear {{NAME}},

Congratulations. Welcome to the exciting world of **Data and AI!**

We are pleased to offer you a full-time role as {{ROLE}} at Ganit Business Solutions Pvt. Ltd. Your potential annual Compensation of **INR** {{CTC_NUM}} ({{CTC_WORDS}}) you will join Ganit on {{DOJ}} at {{POSTING}} and your position is work from client office and or Ganit office and not remote.

At Ganit you are expected to operate with the highest degree of Integrity, efficiency and responsibility. We are fully confident that you will add tremendous value through your role and strengthen Ganit's growth.

Our Mission

Maximize **decision velocity** and **minimize decision risk**.

We partner with business leaders to give their data, a voice. We partner with them to discover, frame and solve problems across four key quadrants: descriptive, diagnostic, predictive and prescriptive.

Our Culture

Our culture is about behaviors and not buzzwords.

- *We are yellow color blind:* To us there is no yellow light, its either red or green.
- *We punch above our weight:* We take challenges beyond our comfort zone.
- *To us, Attitude>Aptitude:* Our team grows on attitude and drive rather than skills.
- *Maximize Vocalness, minimize hierarchy:* We follow flat structure to reduce bureaucracy.
- *We keep our small promises:* We build trust by delivering consistently on our small promises.

What's exciting at Ganit

- You aren't just filling a position; you are its architect.
- Artificial Intelligence is our first language and the foundation of every solution we build.
- We champion a flat hierarchy to foster talent to have a fast-track career progression.
- You will collaborate directly with enterprise leaders to influence high-stakes decision-making
